

IN THE WOMAN'S WORLD

WOMEN'S SOCIETY ENTERTAINS AT LAST AFTERNOON SOCIAL

The Woman's Society of Central Union Church entertained at the last of its bi-monthly afternoon socials yesterday in the Parish House. The members of the guilds of the five churches who have joined the Inter-church Federation, Upward of two hundred women gathered at the Parish House yesterday which was artistically decorated with pepper branches and yellow flowers. Huge jardiners of yellow lilies were placed on the tables and many beautiful chrysanthemums and carnations were to be seen.

The entertainment committee arranged a delightful program, the first number of which was rendered by Mrs. Sutherland and Mrs. W. D. Westervelt. They played two piano duets that were pleasing to the audience.

Miss Bertha L. Kemp of Kewalo-ho Seminary then sang two solo. Her voice is soft and the songs were well received. The Scottish ballad, "My Heart's in the Highlands" greatly delighted her hearers. Mrs. Frank

C. Atherton played a sympathetic accompaniment.

Miss McDougal, so well known in the literary circles of Honolulu, and who has an enviable reputation as an entertainer, recited one of Mary Wiggin's enjoyable sketches. Miss McDougal is exceptionally good in her selections and her hearers were more pleased than ever with her work yesterday.

Miss Ethel Damon, a Honolulu girl who has been in Europe for several years studying music and mastering the languages, sang in a clear, strong voice. Miss Damon returned to the city but a short time ago and her singing so pleases the audiences that her name appears on many of the programs in the recitals.

Mrs. Theodore Richards concluded the program with two piano selections. Mrs. Richards has a splendid touch and her technique is well developed.

Delightful refreshments were served.

ARTISTIC LAMPS GAS — OIL — ELECTRIC

Nothing adds more to the charm of the living or dining room than an artistic electric lamp.

Our present display of electric lamps exceeds in beauty and variety anything to which we have called your attention. The most exclusive productions of the world are assembled here.

A Few Suggestive Prices—

\$5, \$7.50, \$10, \$12.50

A SPECIAL VALUE.—19 inches high, old brass finish, art glass shade in green and yellow, \$7.50 ea.

AVOID POISONOUS TABLETS

No woman should purchase an antiseptic or germicide in tablet, liquid or powder form, which contains any poisons. Follow your physician's advice and specify Tyree's Antiseptic Powder because it is absolutely harmless and positive in its results.

Tyree's Antiseptic Powder heals diseased tissues, prevents infection, excels as a douche and is highly efficacious as a general antiseptic for the household. One 25-cent package makes two gallons standard solution. Sold by druggists everywhere. Send for booklet and free sample.

J. S. Tyree, Chemist, Washington, D. C.

DRAWING WITH A SCALP-KNIFE

There is a genuine surprise for those who attend the Liberty this week. Last night two full-blooded Indians, billed by Manager McGroarty as "Brown & Hodges," Indian singers and cartoonists made their debut to a house-crowd, which was earned by some very clever work.

Attired in full redskin regalia, looking like the scalping section of a wild west show, the duo comes upon the stage and after a few preliminary vocal stunts that resemble warwhoops as much as anything else, they begin cartooning. Using colored chalks on large sheets of paper they draw pictures with lightning rapidity. There's nothing to choose between the "squaw," Minnie Hodges, and the buck, "Carlisle" Brown, in ability. Both tear off sheet after sheet of clever cartoons and caricatures, ending with an attempt at more serious work done to the tune of "Work of Ages." Really, it isn't as sacrificial as it sounds! The act is a whole in a good one.

The Liberty will certainly give good measure for the week end. Martha Golden, the comedienne, comes out in an exaggerated purple costume that is a scream, and her songs are good though a trifle weak in getting over the footlights.

This affair proved one of the most enjoyable recitals of her career, for the appreciation was sincere, and the affair one never to be forgotten. Some of the residents of the town thought that they did not care for high-grade music, but came to please the sponsors of the entertainment. They were converted, and realized that classical music was what they had needed all their lives. The yearly concert has become a reality, and this one Texas town has, perhaps, more musical enthusiasm proportionately than has the great musical center of the country—New York City.

JAPANESE WOMAN LOSES SMUGGLED SILK GOODS

About \$800 worth of miscellaneous silk goods, brought into Honolulu on July 5 by Shigeno Kataoka, a Japanese woman, are confiscated by the Federal government, owing the decision handed down this morning by U. S. District Judge Clemons. This case, entitled the "U. S. versus a lot of silk goods," has been hanging fire in the local federal court for several months.

The woman is accused of attempting to smuggle them into the Territory without paying duty, and she was indicted some time ago. Her hearing before a jury probably will begin early next week.

The commission appointed by President Trent of the Young Men's Christian Association to make a study of all positions open to young men and boys of Honolulu, will meet at the association this afternoon at three-thirty o'clock.

Reports from employers who have been canvassed are very encouraging, and the commission appreciates the interest which a number of firms have taken in preparing answers on the subject of the positions which they have open at the present time. At the meeting this afternoon there will be presented plans for using this information for vocational guidance.

The commission consists of W. L. Howard, chairman; Elijah McKennie, head of the Beretania Mission; J. D. Davis and L. N. Cox, supervising principles of the public schools; Edgar Wood, of the Normal School, and R. A. Cross, of the Y. M. C. A. staff, who is secretary of the commission.
